

YOU CAN'T TRUST CALOMEL AT ALL

It's Quicksilver, Salivates, Causes
Rheumatism and Bone
Decay.

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.—Advertisement.

GET COLOR INTO YOUR PALE CHEEKS

If Your Face Is Your Fortune,
Don't Look Like a
Bankrupt.

Who does not want red lips, a good, clear, healthy complexion and bright, flashing eyes?

Some people have such wonderfully good health nothing seems to hurt them. Others could so easily have fine color and more strength and vigor if they would help nature with Gude's Pepto-Mangan. It is a splendid iron tonic that physicians have prescribed for thirty years. It is not an experiment. It is not merely a temporary help, because it makes plenty of red blood and, as everybody knows, red blood is the only sure foundation of permanent health and strength. Get Pepto-Mangan of your druggist—and take it a few weeks and see how much better you feel and look. Sold in liquid and tablet form. Advertisement.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

MR. COON'S SNOW MAN

MR. FOX had not had good luck catching hens and chickens at the barnyard for a long time.

"If I could only be around there then without being seen," thought Mr. Fox. "I might get one before Mr. Dog gives the alarm, but here I hide every day behind this rock and never once has one of those silly creatures left the barnyard."

Mr. Fox's thoughts came thick and fast and one came to him just then that caused him to run for home with lighter steps than he had for a long time past.

He went right to Mr. Coon's house, for it was a nice, sunny day, and got him up: "I want you to do something for me," said Mr. Fox, "and if you watch out you should be able to get a nice dinner as well."

"Now all you have to do, Mr. Coon, is to cover me with snow, so I will

look like a snow man, and when those hens and chickens come along I'll pop out of my white coat and grab one."

"One?" questioned Mr. Coon, "where do I come in?"

"Well, for mercy sake, you don't expect me to do all the work, do you?" exclaimed Mr. Fox. "If I stand here all night in the cold snow to get them out here I guess you can take a chance at getting one for yourself. I shall have all I can do to look out for my own dinner."

"There," said Mr. Coon at last, "no one would ever dream but you are a real, true snowman."

"I am sure I feel like one," Mr. Fox muttered. "I am more thankful than ever I was before for this nice thick coat of fur. I do hope the sun comes out bright and early today."

But there was no answer, for Mr. Coon was some distance away now and running very fast toward the homes of the wood folk.

The moon was still shining when he returned some time later with Timmy and Benny Coon and all their playmates, and even the grown-ups came, too, for Mr. Coon had told them of a big snowman he had seen and that if they hurried he was sure they all could have great sport snowballing it before daybreak.

Of course, they were careful not to make a noise, for they did not wish to disturb the slumbers of Mr. Dog if he happened to be unchained.

First, they all made nice, large, hard snowballs, which Mr. Coon showed them how to prepare by mixing a little water with the snow, and when they

Facts about your name: its history, meaning, whence it was derived, significance, your lucky day and lucky jewel

SADIE

THE quaint name of Sadie, lately spelt Sadye, has its origin with Sarah. It comes from a Hebrew verb meaning to fight or rule, and hence came to signify "princess." The first record of the use of Sarah or Sara belongs to Bible history where the wife of Abraham was so called.

Sadie came into existence through the Irish—unless one cares to believe that she is only an Americanization of one of Sarah's many diminutives. But for the sake of etymological exactness, it is nice to believe that the Irish Sadhbh was the real forerunner of Sadie.

But between the time of Abraham's wife and the appearance of the Irish version of her name, Sarah had been adopted by other countries and had won great popularity. In England Sara Beauchamp gave it vogue in the

reign of Edward I and Sarrota de Moulton, who lived in a former reign, was also supposed to possess a name which was another and favorite form of Sarah.

The French preferred Sara without the "h" and it still continues in great vogue there. They have another form, Sarotte, which is also popular. Ireland's Sadhbh and America's Sadie are apparently the only other existing forms.

Sadie has a curious talismanic gem—malachite. If it is engraved with an image of the sun, it will bring her peace, freedom from danger and disease, and sound sleep. It is particularly lucky for children, and it is said that a piece of malachite tied to a child's cradle will protect it from dangers throughout later life. Saturday is Sadie's lucky day and 7 her lucky number.

When they came to the turn in the wood path, where Mr. Coon had to

leave the rest, he called to them: "Good night, boys, and Mr. Fox, when you want something done for nothing never pick out a coon."

WHAT ABOUT RINGS?

The apparel oft proclaims the man—
Shakespeare.

IT MAY be that some friend of yours in Paris will write and tell you that "they" are wearing rings out-

side of their gloves in the French capital, and from New York you may hear that this fad has reached this side of the Atlantic. But in spite of this information you will probably not choose to wear your rings in this way, and to do so would show not very good taste if you belong to just a sane, average group of mortals who do not strive after the new and unusual in dress. For to wear rings over the gloves is still so unusual that it would make you tremendous, y conspicuous if you attempted it. But it has been an established custom and there is a famous portrait of a queen showing her with a large ring on the index finger of her gloved right hand.

A few actresses and women who like the unusual in dress did wear rings on the index finger a season or so ago, but it was a passing fad, and not an attractive one at that. You will notice, too, that women of taste practically never wear rings on the middle finger. They appear especially awkward there. They are now worn almost always either on the ring finger or on the little finger.

It is not in very good taste, and it is never attractive, to wear many rings on one finger. Fingers weighed down by diamonds indicate that the wearer is more anxious to show the value of her rings than their beauty. A married woman does not wear any ring but her wedding and engagement ring, or her wedding ring alone, on her left hand ring finger. Of course, there are some married and engaged women who do not care much for the wearing of these betrothal and wedding rings, who sometimes substitute for them a ring of another sort. But in this case the other ring should be worn instead of the wedding or betrothal ring and not with it.

The old-time rule used to be that a well-bred woman never wore diamonds in the morning, and you will still notice that most women of taste wear none save in the form of their engagement ring. At least, one should not

wear diamonds, save an engagement ring, on the golf course or for any athletic meeting. It is extremely bad form to wear rings in profusion in a business office. In general, children are not permitted to wear any very valuable rings, and the most discriminating mothers perhaps do not permit their children to wear any rings at all. Girls are not usually permitted to wear precious stones until they have "come out" or are seventeen or eighteen at least.

There is a rule in most hospitals that the nurses in training should not wear any rings, and the sensible young woman does not object to this.
